

Partners Resource Network's Statewide Webinar
A Collaboration with CADRE

Turning Conflict into
Positive Outcomes

October 22 @ 12:15 p.m. CT

Join us on Tuesday, Oct. 22 @ 12:15 p.m. CT, as Dr. Melanie Reese, Director of CADRE, presents a special statewide webinar on conflict resolution!

Participants will explore effective ways to navigate through conflict by learning the importance of framing a conflict event, identifying underlying interests, and other collaborative communication skills. Participants will have an opportunity to self-reflect on their conflict styles and biases as they learn skills and strategies for effectively managing conflict.

For nearly 20 years, the National Center for Dispute Resolution in Special Education, CADRE, has provided a wealth of materials and resources to help understand and work through conflicts that may arise between parents and their children's schools.

Webinar hosted by
Partners Resource Network

Special Guest Presenter
Melanie Reese, Ph.D., CADRE
