

# LIFE AFTER THE YELLOW BUS

PLANNING FOR ADULTHOOD

---

IF YOU'RE STUCK IN SURVIVAL...

How do you plan ahead?

# REALISTIC OPPORTUNITIES

These are opportunities, not entitlements.

What do you see your students doing as adults?

What are their gifts? Skills?

# TEAM BUILDING

If there were no services, what would you do?

In adulthood, where services are limited, building a big team and having community is the key to a fulfilling adulthood.

---

# YOUR TEAM

Who's on your team?

How do you know who/what you need for your team?

# CLARIFICATION

It's not my team, it's Hali's! Very important distinction.

Why does that matter?

# DRAWING YOUR TEAM

# WHO'S MISSING?

It Depends...

DOES ANYONE ON YOUR TEAM EVER  
DISAGREE WITH YOU?

---

## FINAL THOUGHT

Every human being has purpose.

Are we creating an environment that will allow our children with special needs to fulfill theirs?
